

[Jun 23 2015, 10:16 PM] Seecantrill: looks good Chris!
[Jun 23 2015, 10:16 PM] Seecantrill: Just one more communications channel :)
[Jun 23 2015, 10:16 PM] crogers: like we are adding one more communications channel? lol
[Jun 23 2015, 10:38 PM] Seecantrill: right @crogers. like we need it or something ;)
[Jun 23 2015, 10:52 PM] Seecantrill: Hello everyone.
[Jun 23 2015, 10:53 PM] Pedestrian_Poet: Hello!
[Jun 23 2015, 10:54 PM] telliowkuwp: oi, if you sign up via twitter is that just another form of authentication or do your chats show up on twitter? I know it is a naive question but....
[Jun 23 2015, 10:57 PM] Pedestrian_Poet: @tellio, I don't think so. I did the same thing and no tweets showed up on my account after the last chatroll
[Jun 23 2015, 10:58 PM] Susan Watson: nope, doesn't show up on Twitter
[Jun 23 2015, 10:58 PM] Seecantrill: ti's just authentication tellio
[Jun 23 2015, 10:58 PM] crogers: getting started in a few! welcome!
[Jun 23 2015, 10:59 PM] Seecantrill: I've got all the windows open.
[Jun 23 2015, 10:59 PM] Seecantrill: all the windows
[Jun 23 2015, 10:59 PM] telliowkuwp: ok, I will be part on the chatroll and part on the tweetchat live chattin
[Jun 23 2015, 10:59 PM] telliowkuwp: All ur base and windoze belong to us
[Jun 23 2015, 11:01 PM] Seecantrill: I love "cl" mooc :)
[Jun 23 2015, 11:02 PM] Janah R Adams: Really, Steph?
[Jun 23 2015, 11:02 PM] telliowkuwp: Turn what up stephanie
[Jun 23 2015, 11:02 PM] Susan Watson: boom box?
[Jun 23 2015, 11:02 PM] crogers: yeah. boom box. early 90s language
[Jun 23 2015, 11:02 PM] telliowkuwp: We all make sacrifices, Stephanie
[Jun 23 2015, 11:03 PM] Susan Watson: serendipitous trip
[Jun 23 2015, 11:03 PM] Seecantrill: "untro"
[Jun 23 2015, 11:03 PM] Janah R Adams: Untroducing! *high five*
[Jun 23 2015, 11:04 PM] crogers: feel free to ask questions from the chatroll
[Jun 23 2015, 11:04 PM] crogers: we hope you ask questions from the chatroll
[Jun 23 2015, 11:04 PM] Seecantrill: Christina, headstand feet puppetry

[Jun 23 2015, 11:05 PM] Janah R Adams: Me too, Rex.
[Jun 23 2015, 11:05 PM] Seecantrill: (that's my "untro" ... what's yours?)
[Jun 23 2015, 11:06 PM] grammasheri: Sheri Gramma Sharpies 42
[Jun 23 2015, 11:07 PM] Susan Watson: Susan androgynous, tattooed, gardening, teacher
[Jun 23 2015, 11:08 PM] grammasheri: I see you in those words Susan and Christina :)
[Jun 23 2015, 11:08 PM] Susan Watson: :)
[Jun 23 2015, 11:08 PM] Susan Watson: wish I could headstand!
[Jun 23 2015, 11:08 PM] Seecantrill: Not everyone is at a writing project of course ...
[Jun 23 2015, 11:08 PM] Susan Watson: <3 sharpies!
[Jun 23 2015, 11:08 PM] Seecantrill: ... do some of you have other face to face communities?
[Jun 23 2015, 11:08 PM] Seecantrill: Oh, I love sharpies too susan!
[Jun 23 2015, 11:09 PM] Seecantrill: that's a good way to intro
[Jun 23 2015, 11:09 PM] Seecantrill: Christina, headstand feet puppetry with sharpies
[Jun 23 2015, 11:09 PM] Susan Watson: LOL!
[Jun 23 2015, 11:09 PM] Janah R Adams: I'm not in a writing project, but Tar River Writing Project (NC) is my adopted project since I used to be part of it. (:
[Jun 23 2015, 11:10 PM] Susan Watson: I did Maryland Writing Project a few years ago, great experience
[Jun 23 2015, 11:10 PM] anna_phd: Even when we are trying to untroduce...we are trying to "fit it." That's great, Rex.
[Jun 23 2015, 11:11 PM] Susan Watson: As far as equity and point of entry I think it is important to make everyone feel seen and heard, in order to keep them interested and validated
[Jun 23 2015, 11:11 PM] Seecantrill: I really like the quote that the "untro" newsletter included ...
[Jun 23 2015, 11:11 PM] Seecantrill: ie. "What does it mean, what does it do, for the participation of some to be dependent on an invitation made by others?"
[Jun 23 2015, 11:12 PM] Seecantrill: Love this focus on being in control of your own invitations!
[Jun 23 2015, 11:13 PM] chadsansing: @anna_phd, I feel that, too. I wonder about returning to this activity later and inviting people to unmake/untroduce me/us.
[Jun 23 2015, 11:14 PM] Seecantrill: No "sorry" at #lcmoooc :)

[Jun 23 2015, 11:14 PM] Janah R Adams: Yes! I totally thought I was late. And why do we call it a "make"?

[Jun 23 2015, 11:15 PM] Susan Watson: lotsa oops welcome

[Jun 23 2015, 11:15 PM] Susan Watson: no one can be late

[Jun 23 2015, 11:15 PM] anna_phd: Even when you type #lcmooc instead of #clmooc :)

[Jun 23 2015, 11:15 PM] Seecantrill: Hi Janah ... good question for the group

[Jun 23 2015, 11:15 PM] WendyE40: I think it can be hard to join something digital when you are new to both the event in particular and the digital

[Jun 23 2015, 11:15 PM] ClaudiaInWorld: I appreciated the role of curators in my first CLMOOC...recapping, guiding me through the tons of content that could be overwhelming starting out.

[Jun 23 2015, 11:15 PM] Susan Watson: wendy very true

[Jun 23 2015, 11:15 PM] Seecantrill: Glad you noticed that @anna ...

[Jun 23 2015, 11:15 PM] Susan Watson: we have some awesome facilitators

[Jun 23 2015, 11:15 PM] anna_phd: Yes, Wendy. That might be good to bring up in the hangout, @crogers

[Jun 23 2015, 11:16 PM] Susan Watson: sometimes we do numerous things in one Make cycle!

[Jun 23 2015, 11:16 PM] daniellynds: @wendye40 thats true, same as a F2F conference when you dont know the venue?

[Jun 23 2015, 11:16 PM] WendyE40: maybe instead of "neutral" space it is "unfamiliar" space

[Jun 23 2015, 11:16 PM] telliowkuwp: Go nutz tony

[Jun 23 2015, 11:16 PM] Janah R Adams: I want to do untros in my classes next semester. Just too cool.

[Jun 23 2015, 11:16 PM] anna_phd: Reading and responding to others' makes is a part of making

[Jun 23 2015, 11:16 PM] Susan Watson: anna YES

[Jun 23 2015, 11:16 PM] WendyE40: Yay wearables!

[Jun 23 2015, 11:16 PM] Seecantrill: Can someone link to Tony's make? I want to see!

[Jun 23 2015, 11:17 PM] crogers: got it.

[Jun 23 2015, 11:17 PM] Susan Watson: really important to take the time to read and respond to other people

[Jun 23 2015, 11:17 PM] bielendak: I feel like I need to keep a journal of all the ideas that I've seen in the last 3 days

[Jun 23 2015, 11:17 PM] telliowkuwp: Don't forget there is a twitter chat as well for those interested

[Jun 23 2015, 11:17 PM] Janah R Adams: I'm keeping an Evernote notebook of a lot of it, lol

[Jun 23 2015, 11:17 PM] Seecantrill: Here's Tony's!

<https://plus.google.com/114626452900573092754/posts/PD14rhyGQjt>

[Jun 23 2015, 11:17 PM] kfasimpaur: Sometimes we just stay in one make cycle for the whole MOOC :)

[Jun 23 2015, 11:17 PM] Janah R Adams: REX!

[Jun 23 2015, 11:17 PM] Susan Watson: karen true

[Jun 23 2015, 11:17 PM] WendyE40: I've got so many ideas for untroductions. That's part of the fun.

[Jun 23 2015, 11:17 PM] Seecantrill: Janah .. I like your question too .. ie. " why do we call it a "make"?"

[Jun 23 2015, 11:18 PM] Seecantrill: Please share that notebook Janah!

[Jun 23 2015, 11:18 PM] WendyE40: @kfasimpaur good point about staying with one cycle. Practice makes, if not perfect, better or different.

[Jun 23 2015, 11:18 PM] Janah R Adams: Yes, the "make" language "makes" me feel very lost and outsiderish. /: I need to figure it out.

[Jun 23 2015, 11:18 PM] Susan Watson: I loved Martin!

[Jun 23 2015, 11:19 PM] telliowkuwp: Go ahead and make the Martin joke and begin to convert others to your likes

[Jun 23 2015, 11:19 PM] Susan Watson: Janah pretty much anything you do is a make

[Jun 23 2015, 11:19 PM] kfasimpaur: @wendyE40 This is all so individual. Do what works for you.

[Jun 23 2015, 11:19 PM] anna_phd: Oh, where did my last comment go? Oops. I was just thinking that reading & responding to others in #clmoooc is integral to our making. We don't make in a vacuum.

[Jun 23 2015, 11:19 PM] kfasimpaur: +1 @telliowkuwp Been thinking about this kind of thing lately...

[Jun 23 2015, 11:20 PM] Stephanie Loomis: And our personal makes change as we learn/grow/explore/become

[Jun 23 2015, 11:21 PM] FrickTech: I can't get the live stream to work

[Jun 23 2015, 11:21 PM] anna_phd: @kfasimpaur, what has your thinking gone about how personal these untros feel?

[Jun 23 2015, 11:21 PM] grammasheri: Evernote is a great curation tool. It helped me last year.

[Jun 23 2015, 11:21 PM] anna_phd: oops...where...

[Jun 23 2015, 11:21 PM] Seecantrill: If the live stream isn't working you can try YouTube:

<https://www.youtube.com/watch?v=fWk0c1b8EM8>

[Jun 23 2015, 11:22 PM] Seecantrill: Steph/Lacy ... can you hear that repeat sound ... from Lil I think. She might need earbuds.

[Jun 23 2015, 11:22 PM] Susan Watson: sound slike someone getting a million emails

[Jun 23 2015, 11:22 PM] Stephanie Loomis: it's distracting!
[Jun 23 2015, 11:22 PM] anna_phd: I was thinking the
"glitch" was thematic to the week.
[Jun 23 2015, 11:22 PM] kfasimpaur: @anna_phd I've been
thinking + writing about this for my own make. What I am
making doesn't feel like something I want to share publicly
right now. I've thought about that a lot. And I think it's
ok.
[Jun 23 2015, 11:22 PM] telliowkuwp: mute
[Jun 23 2015, 11:22 PM] Janah R Adams: LOL Steph
[Jun 23 2015, 11:23 PM] telliowkuwp: voila
[Jun 23 2015, 11:23 PM] Janah R Adams: swweeeeet
[Jun 23 2015, 11:23 PM] Stephanie Loomis: yes!!!
[Jun 23 2015, 11:23 PM] telliowkuwp: Let us now praise tech
[Jun 23 2015, 11:23 PM] kfasimpaur: @fricktech Try this (in
another tab?) <https://www.youtube.com/watch?v=fWk0c1b8EM8>
[Jun 23 2015, 11:23 PM] Janah R Adams: I'm bad at drawing
that line
[Jun 23 2015, 11:24 PM] FrickTech: Tried both just sits and
spins
[Jun 23 2015, 11:24 PM] Seecantrill: Nicely done Chris and
Lil!
[Jun 23 2015, 11:24 PM] kfasimpaur: @fricktech Hmmm, is
Youtube blocked where you are?
[Jun 23 2015, 11:25 PM] FrickTech: nope
[Jun 23 2015, 11:25 PM] kfasimpaur: Could be a bandwidth
issue...?
[Jun 23 2015, 11:25 PM] Susan Watson: collaborating on a
"make" also builds trust so that you later feel more
comfortable sharing more personal things with folks
[Jun 23 2015, 11:25 PM] Seecantrill: Important to think
about the people around the work we do ... thanks!
[Jun 23 2015, 11:25 PM] Susan Watson: folks*
[Jun 23 2015, 11:26 PM] Seecantrill: The "makes" language
comes from creating first without a defined outcome Janah
... or at least it feels that way to me.
[Jun 23 2015, 11:26 PM] telliowkuwp: can someone send Rex
the hangout link again
[Jun 23 2015, 11:26 PM] FrickTech: Sometimes I think we get
too caught up in what makes means and don't see that we are
already doing it
[Jun 23 2015, 11:27 PM] Stephanie Loomis: sort of a jump-
in-the-deep-end-and-swim approach
[Jun 23 2015, 11:27 PM] crogers: will do
[Jun 23 2015, 11:27 PM] telliowkuwp: he is on twitter
knocking on the door
[Jun 23 2015, 11:27 PM] FrickTech: We just haven't been
calling it make

[Jun 23 2015, 11:27 PM] crogers: terry
[Jun 23 2015, 11:27 PM] kfasimpaur: For me, there is just personal writing that I choose not to share. This make just happened to strike me that way (first one in 3 years). Again, for me that's ok.
[Jun 23 2015, 11:27 PM] Seecantrill: Totally agree
FrickTech
[Jun 23 2015, 11:27 PM] Stephanie Loomis: We all need boundaries
[Jun 23 2015, 11:27 PM] grammasheri: I love seeing the many things and "jokes" language play; I have a sense of humor - - I'm just so focused, so I love the play in clmooc; also so many different ideas expands our repertoire of tools of many kinds as well as our courage to try.
[Jun 23 2015, 11:27 PM] Seecantrill: Sometimes it's helpful to give it a name though to make it conscious and something others can see too, right?!
[Jun 23 2015, 11:28 PM] Susan Watson: some of the best things that happened in last summer's CLMOOC were when people questioned the language and apparent paradigm, made everyone rethink the whole week's idas
[Jun 23 2015, 11:28 PM] WendyE40: it was a big shift for me to participate in online communities in which I did not know everyone. I had to develop a thicker skin. Totally worth it, a different experience
[Jun 23 2015, 11:28 PM] Stephanie Loomis: I feel like a sponge in all this!
[Jun 23 2015, 11:28 PM] Susan Watson: (terry questioning what "hack" really meant etc.)
[Jun 23 2015, 11:28 PM] telliowkuwp: Something about permeable boundaries of clmooc that is vulnerable and strong at the same itme
[Jun 23 2015, 11:28 PM] telliowkuwp: time
[Jun 23 2015, 11:28 PM] kfasimpaur: To me, "make" is just a "connected learning" way to say activity (with all the good maker ideas and none of the bad worksheet-ish negatives)
[Jun 23 2015, 11:28 PM] Seecantrill: I think it's interesting ... a comment about thick skin right next to being a sponge ...
[Jun 23 2015, 11:28 PM] Stephanie Loomis: YES telliowkuwmp
[Jun 23 2015, 11:28 PM] Stephanie Loomis: haha
[Jun 23 2015, 11:28 PM] Seecantrill: ... interesting how we describe learning in such physical ways.
[Jun 23 2015, 11:28 PM] Susan Watson: it takes courage to share your work at all
[Jun 23 2015, 11:29 PM] Seecantrill: exactly ... it's very personal.
[Jun 23 2015, 11:29 PM] Seecantrill: physical even.

[Jun 23 2015, 11:29 PM] Stephanie Loomis: It does! And I have found that most people are encouraging more than anything else.

[Jun 23 2015, 11:29 PM] FrickTech: Some makes may not be meant to be shared

[Jun 23 2015, 11:29 PM] Susan Watson: I felt uncomfortable at first not being a uni professor

[Jun 23 2015, 11:30 PM] Susan Watson: but everyone was so supportive that my trepidation disappeared

[Jun 23 2015, 11:30 PM] telliowkuwp: Very hard to be strategic student in clmooc, just have to be curious and push on

[Jun 23 2015, 11:30 PM] Seecantrill: I get that FrickTech ... and I know as an artist that sometimes sharing those are the best learning experiences.

[Jun 23 2015, 11:30 PM] Stephanie Loomis: And rejection--of an idea or a project--can be physically painful because when we share, we reveal a part of ourselves

[Jun 23 2015, 11:30 PM] Susan Watson: stephanie indeed

[Jun 23 2015, 11:31 PM] Seecantrill: Also know that as a teacher!

[Jun 23 2015, 11:31 PM] WendyE40: it's important for many people to have a personal invitation or someone to open the door. Some are happy to open the door themselves.

[Jun 23 2015, 11:31 PM] FrickTech: I'm just glad to see educators opening up to sharing at all. Many are reluctant because they feel like they own their work and they don't want someone to steal it

[Jun 23 2015, 11:31 PM] kfasimpaur: @fricktech Agreed...and that's each of our choice

[Jun 23 2015, 11:31 PM] Stephanie Loomis: An invitation, a guide, a mentor...

[Jun 23 2015, 11:31 PM] FrickTech: But what is beautiful about sharing is that is it is mutual

[Jun 23 2015, 11:31 PM] Rexford Rose: I've been kicked off the Google Live Chat.. but I'm still here.. for some reason I can't rejoin

[Jun 23 2015, 11:32 PM] bielendak: As a newbie to the Internet and the clmooc, the map was really welcoming and I got the play attitude came through!

[Jun 23 2015, 11:32 PM] telliowkuwp: We are all the Great & Powerful Oz, depending upon

[Jun 23 2015, 11:32 PM] telliowkuwp: each other

[Jun 23 2015, 11:32 PM] ClaudiaInWorld: i'm an inviting party now as a fan of clmooc--so alumni from earlier clmoocs. so i think now inviting party (different from sponsoring party) is a distributed network of participants.

[Jun 23 2015, 11:32 PM] Stephanie Loomis: and the Curtain

[Jun 23 2015, 11:32 PM] kfasimpaur: Awesome Claudia...

[Jun 23 2015, 11:33 PM] kfasimpaur: "Sponsoring" is not "inviting" in this case.

[Jun 23 2015, 11:33 PM] kfasimpaur: by design as well

[Jun 23 2015, 11:33 PM] ClaudiaInWorld: and thanks to you karen for being my inviting partier. ;D

[Jun 23 2015, 11:33 PM] kfasimpaur: :)

[Jun 23 2015, 11:33 PM] crogers: we are trying to get rex back in. having some troubles.

[Jun 23 2015, 11:34 PM] Seecantrill: I think it's great to describe the communities that we are part of ...

[Jun 23 2015, 11:34 PM] telliowkuwp: who's not here is the question of blindspots, revealing

[Jun 23 2015, 11:34 PM] kfasimpaur: So many folks I know in clmooc...and more non-writing project than writing project by far, I'd guess

[Jun 23 2015, 11:34 PM] telliowkuwp: our blindspot

[Jun 23 2015, 11:34 PM] Seecantrill: ... I'm part of NWP ... part of the local WP in Philly .. part of progressive educators in my hometown ... part of my community garde (and yes, I invited some of them to CLMOOC too! :)

[Jun 23 2015, 11:35 PM] telliowkuwp: Sometimes 'make' means make uncomfortable

[Jun 23 2015, 11:35 PM] kfasimpaur: yes, Terry, that is the key equity issue in my mind. LOTS of folks not here (or in many other connected learning contexts)

[Jun 23 2015, 11:35 PM] telliowkuwp: making is scary sometimes

[Jun 23 2015, 11:35 PM] telliowkuwp: and discomfoting

[Jun 23 2015, 11:35 PM] WendyE40: who is used to being a "host" and in their schools or classrooms and therefore maybe not comfortable being a "guest"?

[Jun 23 2015, 11:35 PM] kfasimpaur: I'm almost always uncomfortable. That's well...uncomfortable.

[Jun 23 2015, 11:35 PM] Seecantrill: ... but also part of these really decentered communities online connected in so many ways ...

[Jun 23 2015, 11:35 PM] Stephanie Loomis: If it's easy, how can we learn? Discomfort is a great learning environment.

[Jun 23 2015, 11:35 PM] Janah R Adams: "telliowkuwp: Sometimes 'make' means make uncomfortable" Yes! Playful makes me nervous.

[Jun 23 2015, 11:36 PM] wentale: the playfullness in the digital world seems to echo that childhood play

[Jun 23 2015, 11:36 PM] telliowkuwp: Uncomfort reveals your blindspots

[Jun 23 2015, 11:36 PM] crogers: for Rex, it might be what gmail account he is logged in, sometimes it switches.

[Jun 23 2015, 11:36 PM] crogers: idk, an idea.
[Jun 23 2015, 11:36 PM] wentale: yes Terry, you need to be aware to see the blindspots
[Jun 23 2015, 11:36 PM] wentale: My work (paid) is not playful so I enjoy learning this way
[Jun 23 2015, 11:37 PM] Seecantrill: how do we see our blindspots. deep.
[Jun 23 2015, 11:37 PM] anna_phd: Want to see behind the curtain? <http://digitalis.nwp.org/making-a-mooc>
[Jun 23 2015, 11:37 PM] WendyE40: Is there a social/intellectual hierarchy to the type of things being created? What gets lifted up and what gets looked down on?
[Jun 23 2015, 11:37 PM] Stephanie Loomis: We get so serious as educators that we forget to play. But play is sometimes the best way to learn because play has nop expectations
[Jun 23 2015, 11:37 PM] wentale: @seecantrill...I'm thinking of that trick (black spot on the paper) you have to move your head to "see" it.
[Jun 23 2015, 11:37 PM] kfasimpaur: One of the best things about CLMOOC is that if you don't want to do what is invited, you can do whatever you want.
[Jun 23 2015, 11:38 PM] crogers: reimagining work, grace lee boggs.
[Jun 23 2015, 11:38 PM] Stephanie Loomis: And your grade doesn't suffer!!
[Jun 23 2015, 11:38 PM] crogers: just dropping that in. :-)
[Jun 23 2015, 11:38 PM] Janah R Adams: For someone who thrives on expectations and endgoals, "play" in a work space can be difficult to process.
[Jun 23 2015, 11:38 PM] telliowkuwp: Blindspots are revealed when we scratch our heads and when we get a sense that there is a different stance that we could take that we have not considered
[Jun 23 2015, 11:38 PM] daniellynds: there are so many chats going on
[Jun 23 2015, 11:38 PM] Seecantrill: right @wentale!
[Jun 23 2015, 11:38 PM] Seecantrill: is there a link to that you can share ... I liek that and useful.
[Jun 23 2015, 11:38 PM] Rexford Rose: But, aren't we always kind of shattered?
[Jun 23 2015, 11:38 PM] daniellynds: im thinking mcgonical mixed in with merleau-ponty
[Jun 23 2015, 11:38 PM] Seecantrill: that's a mouthful @daniellynds :)
[Jun 23 2015, 11:39 PM] wentale: yes @telliowkuwp...or scratch any itch!
[Jun 23 2015, 11:39 PM] Seecantrill: How's that Rexford?
[Jun 23 2015, 11:39 PM] Susan Watson: life includes a lot

of parallax views

[Jun 23 2015, 11:39 PM] telliowkuwp: Embodied stuff is always a clue to blindspogtgs

[Jun 23 2015, 11:39 PM] wentale: try this for a blindspot test <https://visionaryeyecare.wordpress.com/2008/08/04/eye-test-find-your-blind-spot-in-each-eye/>

[Jun 23 2015, 11:39 PM] Janah R Adams: I think the idea of being "invited" to play helps a lot though

[Jun 23 2015, 11:39 PM] Stephanie Loomis: Indeed

[Jun 23 2015, 11:39 PM] daniellynds: yeah @seecantrill kinda heavy for a tuesday evening right

[Jun 23 2015, 11:40 PM] Stephanie Loomis: It's never fun to feel like an interloper

[Jun 23 2015, 11:40 PM] telliowkuwp: Being invited is gr8 and then we realize we can invite ourselveve to the party.

[Jun 23 2015, 11:40 PM] wentale: it's morning here @daniellynds....so the brain cells are ok with deep! haha

[Jun 23 2015, 11:40 PM] Seecantrill: no worries ... I was jk @daniellynds

[Jun 23 2015, 11:40 PM] daniellynds: i never think of the actual blind spots in our eyes

[Jun 23 2015, 11:40 PM] crogers: "blind spots" i was once properly called to task on the ableist connotation.

[Jun 23 2015, 11:40 PM] Rexford Rose: Well, we all have certain differing identities that can sometimes be very separate and sometimes it feels shattered/fractured

[Jun 23 2015, 11:40 PM] daniellynds: i think more of our phenom ones

[Jun 23 2015, 11:40 PM] wentale: @telliowkusp...INVITE YOURSELF...indeed. Permit yourself to play

[Jun 23 2015, 11:40 PM] Seecantrill: Thanks @wental

[Jun 23 2015, 11:41 PM] wentale: :-)

[Jun 23 2015, 11:41 PM] Stephanie Loomis: Okay, instead of "invite", how about "encourage"?

[Jun 23 2015, 11:41 PM] wentale: "Playfulness is relational" like that.

[Jun 23 2015, 11:41 PM] daniellynds: that thing(s) that we always miss because they are the things we are always looking for

[Jun 23 2015, 11:41 PM] chadsansing: I feel privileged to have the playful work spaces I have. I think I have worked for many of them, but would not have been able to without the privilege extended to me. Best effort to make spaces I share with kids shared, equitable, and just, though I often fail.

[Jun 23 2015, 11:41 PM] Seecantrill: Who wants to invite themselves to the hangout? to the chat on thursday? to any other part of the MOOC?

[Jun 23 2015, 11:42 PM] Seecantrill: You are invited to invite yourself ... is that just too ironic though?

[Jun 23 2015, 11:42 PM] Stephanie Loomis: I was never a kid who could just join a game or group--and that spilled over to my adult like

[Jun 23 2015, 11:42 PM] Seecantrill: We are invited to invite ourselves (that's better)

[Jun 23 2015, 11:42 PM] Stephanie Loomis: life.

[Jun 23 2015, 11:42 PM] Janah R Adams: Is everyone not invited? Oh dear. I think I'm missing the point, lol

[Jun 23 2015, 11:42 PM] telliowkuwp:
[https://en.wikipedia.org/wiki/George_Lewis_\(trombonist\)](https://en.wikipedia.org/wiki/George_Lewis_(trombonist))

[Jun 23 2015, 11:42 PM] chadsansing: @Seecantrill - self-permissioning, #hackjam-style.

[Jun 23 2015, 11:42 PM] kfasimpaur: "Privilege"...that's a key notion.

[Jun 23 2015, 11:42 PM] wentale: yes @seecantrill...I think we need to realise when we block ourselves from playfullness.

[Jun 23 2015, 11:42 PM] Stephanie Loomis: So, sometimes people need to know it is an open invitation and they are welcome/encouraged to join

[Jun 23 2015, 11:42 PM] Seecantrill: yes, everyone invited! But also invited to invite yourself :)

[Jun 23 2015, 11:42 PM] kfasimpaur: You're right on Janah. :)

[Jun 23 2015, 11:42 PM] crogers: the parable of the sower!!!

[Jun 23 2015, 11:42 PM] anna_phd: A call on Twitter from Sarah to talk about ways we can also listen and community build in CLMOOC, in addition to thinking of identity work as individual making and introducing self.

[Jun 23 2015, 11:43 PM] Seecantrill: links please Chris!

[Jun 23 2015, 11:43 PM] Stephanie Loomis: Fertile soil

[Jun 23 2015, 11:43 PM] telliowkuwp:
<https://soundcloud.com/george-e-lewis>

[Jun 23 2015, 11:43 PM] kfasimpaur: This is a lot about self-direction too. Seems like a basic notion, but there's more to it than that. Equity, privilege, real life.

[Jun 23 2015, 11:43 PM] crogers: "All that you touch You Change.

All that you Change
Changes you.

The only lasting truth
is Change.

God

is Change."

[Jun 23 2015, 11:43 PM] wentale: More @crogers?

[Jun 23 2015, 11:43 PM] anna_phd: @crogers...my last comment is for you to take up in the convo, if you can...

[Jun 23 2015, 11:43 PM] telliowkuwp: Yes, bread on the waters

[Jun 23 2015, 11:44 PM] Stephanie Loomis: listening is critical

[Jun 23 2015, 11:44 PM] wentale: @crogers...sower and seed is about being aware how you receive the message/invite....like that thought.

[Jun 23 2015, 11:44 PM] Seecantrill: interesting question from twitter @nomadwarmachine "so far the official #clmoooc is all about telling individuals to shout about who they are. Where is the space to listen? 1/2"

[Jun 23 2015, 11:45 PM] Stephanie Loomis: In the comments?

[Jun 23 2015, 11:45 PM] daniellynds: not what i usually read, but <http://janemcgonigal.com/my-book/> was awesome and touches on play and the conflicts it addresses

[Jun 23 2015, 11:45 PM] wentale: I think the listening will come

[Jun 23 2015, 11:45 PM] crogers:

<https://www.youtube.com/watch?v=9r2JrwsGXFY>

[Jun 23 2015, 11:45 PM] chadsansing: @kfasimpaur - yes. 'Equity, privilege, real life.' By trying to be more playful in formal spaces, I think you have to become more seriously focused on those, or else it's the status quo of school practices.

[Jun 23 2015, 11:45 PM] wentale: It takes time to "sit" in this space to allow the ears/eyes to open

[Jun 23 2015, 11:45 PM] crogers: great performance of a world famous musician and a machine.

[Jun 23 2015, 11:45 PM] crogers: you wont know what is what

[Jun 23 2015, 11:45 PM] crogers: im adding the language into the chat now

[Jun 23 2015, 11:45 PM] crogers: @anna phd

[Jun 23 2015, 11:45 PM] anna_phd: Yes, @seecantrill, that is the same series of tweets I was referencing for @crogers to see if he can bring up here...

[Jun 23 2015, 11:46 PM] Stephanie Loomis: I love to hear what people say in the comments.

[Jun 23 2015, 11:46 PM] anna_phd: Awesome, @crogers...Thanks!

[Jun 23 2015, 11:46 PM] Janah R Adams: *is a disruption*

[Jun 23 2015, 11:46 PM] daniellynds: leave it up to Sarah to bring the punch

[Jun 23 2015, 11:46 PM] Pedestrian_Poet: I think there is a

constant interchange of expressing and absorbing through listening. Listening and Expressing are not necessarily mutually exclusive

[Jun 23 2015, 11:46 PM] Seecantrill: I agree wentale ... but curious how we also build listening ... we can make it together

[Jun 23 2015, 11:46 PM] telliowkuwp: disruption like complexity cannot be managed that's why hierarchies need to control so desperately

[Jun 23 2015, 11:46 PM] Seecantrill: right Pedestrian_Poet

[Jun 23 2015, 11:46 PM] Seecantrill: I agree

[Jun 23 2015, 11:47 PM] Pedestrian_Poet: Also interested in the role of commenting and listening

[Jun 23 2015, 11:47 PM] wentale: Unless it's #Rhizo15...then you can bring all your friends to the party!!

[Jun 23 2015, 11:47 PM] crogers: in what ways are listening, the construction.

[Jun 23 2015, 11:47 PM] chadsansing: Break #clmooc :)

[Jun 23 2015, 11:47 PM] crogers: im going to think on that.

[Jun 23 2015, 11:47 PM] Pedestrian_Poet: I know i often comment or like something as an indicator of my listening to a poster

[Jun 23 2015, 11:47 PM] Stephanie Loomis: It's almost like a shared google doc----all the commentary is visible, open, and heard

[Jun 23 2015, 11:47 PM] wentale: I think @seecantrill that listening can be built in like the "Silent Sunday" a bit of space from the words

[Jun 23 2015, 11:48 PM] telliowkuwp: Taleb has a great expression for the system that thrives under stress and disruption--antifragility. We need to be like bindweed or johnson grass

[Jun 23 2015, 11:48 PM] Pedestrian_Poet: Everyone who watches someone use a resource and then follows their example is a definite way of showing of listening results in making

[Jun 23 2015, 11:48 PM] Pedestrian_Poet: *how

[Jun 23 2015, 11:48 PM] Seecantrill: Yes, I lovedd "Silent Sunday' ... I agree.

[Jun 23 2015, 11:48 PM] Susan Watson: yes it is hugely about listening and reciprocating

[Jun 23 2015, 11:48 PM] Seecantrill: that was provocative in terms of listening.

[Jun 23 2015, 11:48 PM] wentale: @susan that's what I like about your work...really good at reciprocating.

[Jun 23 2015, 11:49 PM] Seecantrill: @crogers ... you, me, Bob and Luke ... group untro tomorrow!

[Jun 23 2015, 11:49 PM] Susan Watson: wentale CLMOOC was the first "space" where I ever felt really "heard"

[Jun 23 2015, 11:49 PM] anna_phd: @wentale, can you tell me more about Silent Sunday?

[Jun 23 2015, 11:49 PM] Susan Watson: so I want everyone to feel that

[Jun 23 2015, 11:50 PM] wentale: @ann_phdpost a picture with no words....no comments

[Jun 23 2015, 11:50 PM] telliowkuwp: nomadWarmachine

[Jun 23 2015, 11:50 PM] Stephanie Loomis: that's cool

[Jun 23 2015, 11:50 PM] wentale: @susan interesting

[Jun 23 2015, 11:50 PM] telliowkuwp: Nothing wrong with shouting out--horton and all of us can hear a whoooo

[Jun 23 2015, 11:50 PM] wentale: @ann_phd...that was on the G+ community mostly

[Jun 23 2015, 11:51 PM] Seecantrill: baby went away ...

[Jun 23 2015, 11:51 PM] fmindlin: another take on "antifragility": the independence and resilience of what we mistakenly call weeds--they are actually volunteers, the plants who chose to grow, regardless of our wishes

[Jun 23 2015, 11:51 PM] Seecantrill: it's like she flew all by herself :)

[Jun 23 2015, 11:51 PM] chadsansing: @fmindlin, for the win, sir, for the win.

[Jun 23 2015, 11:51 PM] crogers: whoa on the garden reference

[Jun 23 2015, 11:51 PM] crogers: nice

[Jun 23 2015, 11:51 PM] Stephanie Loomis: I do sometimes feel like I'm on a speck of dust having this whole entity that most of my acquaintances don't understand!

[Jun 23 2015, 11:51 PM] wentale: echo/echo/echo/echo I hear myself in the echoes of others! haha

[Jun 23 2015, 11:52 PM] Susan Watson: I have tried to explain CLMOOC to my colleagues but they can't quite grasp it

[Jun 23 2015, 11:52 PM] grammasheri: Oh that's who started that... :) Thanks Anna_phd

[Jun 23 2015, 11:52 PM] Stephanie Loomis: Try explaining it to non-educators!!!

[Jun 23 2015, 11:52 PM] fmindlin: Hey Susan, thanks for your survey! Great fun...

[Jun 23 2015, 11:53 PM] Seecantrill: I love the volunteers that grow. they are my favorite. I garden with them.

[Jun 23 2015, 11:53 PM] telliowkuwp: Ironic echo chamber, need to disrupt

[Jun 23 2015, 11:53 PM] Seecantrill: (I move them from the path where they will get crushed and move them into my plot. My plot is a bit, well, wild ... although clearly

cultivated :)

[Jun 23 2015, 11:53 PM] daniellynds: how could you have something you don't want people to do in a mooc?

[Jun 23 2015, 11:53 PM] Susan Watson: fred :)

[Jun 23 2015, 11:54 PM] Janah R Adams: *blush*

[Jun 23 2015, 11:54 PM] Seecantrill: survey!
<https://docs.google.com/forms/d/1PYfDW5lcdIglFrX5MZPPSAqgPaXou-1X3pRGC-D3pME/viewform>

[Jun 23 2015, 11:54 PM] crogers: got the question.
@daniellynds

[Jun 23 2015, 11:55 PM] crogers: hopefully we can squeeze it in, before the close.

[Jun 23 2015, 11:55 PM] Seecantrill: I had not heard that use of "make"

[Jun 23 2015, 11:55 PM] Susan Watson: christina thanks for posting that!

[Jun 23 2015, 11:55 PM] daniellynds: thanks @crogers :) am really curious what that structure looks like

[Jun 23 2015, 11:56 PM] daniellynds: might i also say this is pretty great - finding some fun peeps to follow

[Jun 23 2015, 11:56 PM] wentale: VAlue as PD....wish I could convince my colleagues of that!

[Jun 23 2015, 11:56 PM] wentale: @daniellynds agree

[Jun 23 2015, 11:56 PM] fmindlin: Just thinking about the parallels: professional/amateur; cultivar/volunteer; work/play; boring/fun; etc...

[Jun 23 2015, 11:57 PM] Stephanie Loomis: parallel or contrast?

[Jun 23 2015, 11:57 PM] Rexford Rose: @fmindlin or binaries?

[Jun 23 2015, 11:57 PM] Janah R Adams: Introverts? (:

[Jun 23 2015, 11:57 PM] Stephanie Loomis: This is a great place for introverts!

[Jun 23 2015, 11:57 PM] wentale: @stephanie....agree

[Jun 23 2015, 11:58 PM] Pedestrian_Poet: agreed on the introverts

[Jun 23 2015, 11:58 PM] Seecantrill: Great description/discussion about "lurking" on this NWP radio show a few weeks ago:
http://www.blogtalkradio.com/nwp_radio/2015/06/11/clmooc-a-collaborative-learning-experience-for-the-summer

[Jun 23 2015, 11:58 PM] fmindlin: Well, it's a constant bleed across, like the seed of each opposite inside the two loops of the yin/yang symbol

[Jun 23 2015, 11:58 PM] Susan Watson: lotta introverts here :)

[Jun 23 2015, 11:58 PM] Pedestrian_Poet: but also as an introvert I have the tendency to sit back and observe

rather than partake. Is it harder in some ways as an introvert online as a participant in things?

[Jun 23 2015, 11:58 PM] Seecantrill: When talking about "lurking" the one teacher Ben brings up language learners he works with ... and their process.

[Jun 23 2015, 11:59 PM] Seecantrill: Also reframing lurkers as readers. Active stance.

[Jun 23 2015, 11:59 PM] telliowkuwp: Here is a poem some of are working on about Mother Emanuel

<https://soundcloud.com/user6587006/draftonemotherem>

[Jun 23 2015, 11:59 PM] daniellynds: My Q was assuming that we were in an add don't take away principle. I assumed we had care as a basis of operations.

[Jun 23 2015, 11:59 PM] fmindlin: I was answering Stephanie Loomis...

[Jun 23 2015, 11:59 PM] wentale: Thanks @telliowkuwp...

[Jun 23 2015, 11:59 PM] Susan Watson: Poet I do think it is a unique challenge

[Jun 23 2015, 11:59 PM] Stephanie Loomis: I think it's easier for introverts to participate because nothing is REQUIRED. And we can participate on our own time schedule, mood, or inclination

[Jun 23 2015, 11:59 PM] telliowkuwp: Hell no it shouldn't

[Jun 23 2015, 11:59 PM] wentale: Hacking....that's the 'breaking the rules'

[Jun 23 2015, 11:59 PM] Stephanie Loomis: We can also determine just how much we share of ourselves.

[Jun 24 2015, 12:00 AM] ARTiFactor: forgot to sign in lol

[Jun 24 2015, 12:00 AM] wentale: Hacking....that's also discovering new boundaries

[Jun 24 2015, 12:00 AM] fmindlin: The gov. said "We'll put it in a museum" =The Museum of Failed Fascisms?!!?

[Jun 24 2015, 12:00 AM] Susan Watson: Fred YES!

[Jun 24 2015, 12:00 AM] Janah R Adams: Easier as an introvert to hide here (or lurk) or to disappear entirely, which isn't probably a great thing. Online spaces help me though bc I don't feel the spotlight is on me

[Jun 24 2015, 12:00 AM] telliowkuwp: Without deviation from the norm no progress is possible. Fran Zappa

[Jun 24 2015, 12:00 AM] Janah R Adams: I can type something and then let it disappear in the chat (:

[Jun 24 2015, 12:00 AM] Susan Watson: we have to suck in and validate all of our introverts

[Jun 24 2015, 12:00 AM] Susan Watson: and get them hooked!

[Jun 24 2015, 12:00 AM] Susan Watson: that's what happened to me

[Jun 24 2015, 12:00 AM] Seecantrill: Great question ... how do we create harm. How do we change it.

[Jun 24 2015, 12:00 AM] Stephanie Loomis: But introverts in the classroom are equally quiet/seemingly disengaged, don't you think?

[Jun 24 2015, 12:01 AM] Susan Watson: yes and they require a teacher who knows teaching is an art

[Jun 24 2015, 12:01 AM] Susan Watson: to draw them in

[Jun 24 2015, 12:01 AM] Seecantrill: Nicely done Chris and Lil.

[Jun 24 2015, 12:01 AM] Seecantrill: being makers and unmakers.

[Jun 24 2015, 12:01 AM] Janah R Adams: Maybe bc I'm an introvert, my introvert students don't come across as disengaged. I see the difference (most of the time, at least, I think)

[Jun 24 2015, 12:01 AM] ClaudiaInWorld: i like that. I was having a hard time connecting to unintroversion--but your unmaking really made the bridge.

[Jun 24 2015, 12:01 AM] Stephanie Loomis: exactly (stupid standardized tests...but I digress)

[Jun 24 2015, 12:01 AM] Susan Watson: me too - I have to fight for them a lot

[Jun 24 2015, 12:01 AM] ClaudiaInWorld: make/unmake/remake

[Jun 24 2015, 12:02 AM] Seecantrill: Yes, important stuff
ClaudiaInWorld

[Jun 24 2015, 12:02 AM] Stephanie Loomis: I recognize them, too, and can draw them out, but I have some pretty vivid memories of being forgotten or ignored or insecure

[Jun 24 2015, 12:02 AM] Susan Watson: Always take the prompt and do whatever you want with it - that's a change in perspective I had to make.

[Jun 24 2015, 12:02 AM] Janah R Adams: I think I *wanted* to be ignored

[Jun 24 2015, 12:02 AM] telliowkuwp: learn/unlearn/relearn

[Jun 24 2015, 12:02 AM] Stephanie Loomis: And I've seen it happen to my own kids

[Jun 24 2015, 12:02 AM] wentale: Sorry I came in late...who is the music guy?

[Jun 24 2015, 12:02 AM] fmindlin: Let's get the Peace Corps out of the spying business, and give it 10% of the military budget, and another 10% to VISTA...under a cabinet level Secretary of Peace-Building

[Jun 24 2015, 12:02 AM] Susan Watson: I melted into the background

[Jun 24 2015, 12:03 AM] kfasimpaur: Love you, Fred

[Jun 24 2015, 12:03 AM] Stephanie Loomis: I didn't. I was ignored at home. I needed to be validated, but didn't know how to speak for myself.

[Jun 24 2015, 12:03 AM] Janah R Adams: It's cool.

[Jun 24 2015, 12:03 AM] Susan Watson: thanks everyone!
[Jun 24 2015, 12:03 AM] Stephanie Loomis: Nice "meeting" everyone!
[Jun 24 2015, 12:03 AM] chadsansing: Thanks, All - enjoy the week :)
[Jun 24 2015, 12:03 AM] ClaudiaInWorld: I have been reading Rewire by Ethan Zuckerman. I think he speaks to this idea of who's not in the conversation. Recommended. Thank you!
[Jun 24 2015, 12:03 AM] Janah R Adams: Indeed. (:
[Jun 24 2015, 12:03 AM] daniellynds: see you all on the internetz
[Jun 24 2015, 12:03 AM] WendyE40: thanks everyone
[Jun 24 2015, 12:04 AM] kfasimpaur: Thanks for sharing, everyone. Let's all write/make some around these themes...esp unmaking hate in the world
[Jun 24 2015, 12:04 AM] ARTiFactor: thanks a lot
[Jun 24 2015, 12:04 AM] wentale: thanks everyone!
[Jun 24 2015, 12:04 AM] grammasheri: Thanks
[Jun 24 2015, 12:04 AM] fmindlin: Thanks for recommending
[Jun 24 2015, 12:04 AM] wentale: great way to start the day!
[Jun 24 2015, 12:04 AM] fmindlin: Rewire by Ethan Zuckerman
[Jun 24 2015, 12:04 AM] fmindlin: ;>}
[Jun 24 2015, 12:04 AM] telliowkuwp: toodles
[Jun 24 2015, 12:04 AM] wentale: The meeting after the meeting! haha
[Jun 24 2015, 12:05 AM] wentale: interesting that you can still chat here.
[Jun 24 2015, 12:05 AM] crogers: this thing is a marathon.
[Jun 24 2015, 12:05 AM] crogers: lol.
[Jun 24 2015, 12:05 AM] wentale: @crogers....just started running! pace yourself
[Jun 24 2015, 12:05 AM] telliowkuwp: yes, there is distinct disconnect between the chatroll and the hangout
[Jun 24 2015, 12:05 AM] wentale: Is that because we are not really connecting with the speakers?
[Jun 24 2015, 12:05 AM] crogers: apologies to Rex, we couldn't get him back on.
[Jun 24 2015, 12:05 AM] telliowkuwp: any way to fix that? stop and ask for questions from the chatrll
[Jun 24 2015, 12:06 AM] wentale: Yes I'd like some....stop chat...respond to the spoken conversation.
[Jun 24 2015, 12:06 AM] telliowkuwp: find a way to help the chatroll interact, side-by-side
[Jun 24 2015, 12:06 AM] telliowkuwp: And not to mention the twitter feed, too
[Jun 24 2015, 12:07 AM] telliowkuwp: Sometimes I think we need moments of enforced silence and consideration time. I

feel like so much of what I write here isn't even halfbaked

[Jun 24 2015, 12:07 AM] wentale: private chats are easier to follow the conversation.

[Jun 24 2015, 12:07 AM] crogers: yeah, i was trying to pull some from the chat. we can encourage speakers to do the same

[Jun 24 2015, 12:07 AM] Susan Watson: could we submit questions ahead of time?

[Jun 24 2015, 12:08 AM] crogers: that's not to say that the divergence is bad.

[Jun 24 2015, 12:08 AM] Susan Watson: submit*

[Jun 24 2015, 12:08 AM] telliowkuwp: I think we should try lots of things. Maybe we should encourage folks to diverge in adhoc hoas

[Jun 24 2015, 12:08 AM] wentale: questions ahead of time doesn't always work for me....but question time within the hangout would be good.

[Jun 24 2015, 12:09 AM] telliowkuwp: Question time like the House of Commons! Yes!

[Jun 24 2015, 12:09 AM] Susan Watson: I like it

[Jun 24 2015, 12:09 AM] telliowkuwp: Mr. Prime Minister, how much disruption should we encourage

[Jun 24 2015, 12:10 AM] Susan Watson: As Vice President, I would like it to be gamified

[Jun 24 2015, 12:10 AM] telliowkuwp: I keep seeing the live feed with "this live event is over" but Susan and Wentale are still here

[Jun 24 2015, 12:10 AM] Susan Watson: Sorry I will depart!
